

Electric Diesel Fuel Injector Pump For Heavy Duty Application

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Model Number: f0

Product Specification

- Sealing Ring Included: Yes
- Float Included: Yes
- Sending Unit Included: No
- Compatibility: Universal
- Inlet Type: Strainer
- Type: Electric
- Duty Circle: 30 Min
- Engine: Diesel Fuel Engine Parts
- Highlight: **Electric Diesel Fuel Injector Pump ,
Heavy Duty Diesel Fuel Injector Pump**

Product Description

15Kgs Strainer Inlet Type Diesel Fuel Injector for Heavy-Duty Applications

Product Description:

The Fuel Pump is a universal product that is designed to be compatible with a wide range of vehicles. Whether you need to fuel up a car, truck, or boat, this pump has got you covered. It is also compatible with a variety of fuel types, including gasoline, diesel, and kerosene. The Fuel Pump is an electric pump, which means that it is powered by electricity. This makes it easy to use and efficient, as it does not require any manual pumping or effort. The pump is also designed with an inlet type of strainer, which ensures that the fuel is clean and free of any impurities that may clog the pump or damage your vehicle.

This Fuel Pump product comes with a 1-year warranty, which ensures that you are protected against any defects or issues that may arise with the pump. The warranty covers all parts and labor, so you can rest assured that you are getting a quality product that will last for years to come.

The Fuel Pump does not include a sending unit, which means that you will need to purchase this separately. However, the pump is easy to install and comes with all the necessary components, including the strainer and inlet. The pump also has a compact and lightweight design, which makes it easy to transport and store when not in use.

In conclusion, the Fuel Pump is a versatile and reliable product that is suitable for a wide range of liquid fuel dispensing needs. Whether you are filling up your car, truck, or boat, this pump has got you covered. It is easy to install, efficient, and comes with a 1-year warranty, making it an excellent choice for anyone in need of a quality fuel pump.

Features:

Product Name: Fuel Pump

Warranty: 1 Year

Weight: 15Kgs

Inlet Type: Strainer

Outlet: NPT2"

Duty Cycle: 30 Min

Great for use in Petroleum Transfer Stations

Compatible with Diesel Fuel Injectors

Ideal for Filling Station Dispensers

Technical Parameters:

Attribute	Value
Sealing Ring Included	Yes
Sending Unit Included	No
Type	Electric
Engine	Diesel Fuel Engine Parts
Duty Circle	30 Min
Outlet	NPT2"
Weight	15Kgs
Float Included	Yes
Warranty	1 Year
Inlet Type	Strainer

Applications:

One of the primary applications for the Virette f0 Fuel Pump is in the refueling of vehicles and equipment. Whether you need to fill up a fleet of trucks or simply top off a personal vehicle, this fuel pump is up to the task. It is capable of providing a steady and consistent flow of fuel, ensuring that your vehicles and equipment are always ready to go when you need them.

Another common application for the Virette f0 Fuel Pump is in the agricultural industry. Farmers and other agricultural workers often need to move fuel from one location to another, and this fuel pump is an excellent tool for doing so. Its durable construction and reliable performance make it ideal for use in the field, where it can be subjected to a variety of harsh conditions.

Marinas and other waterfront businesses can also benefit from the Virette f0 Fuel Pump. With its ability to pump large volumes of fuel quickly and efficiently, this fuel pump is ideal for use in refueling boats and other watercraft. Its durable construction and reliable performance ensure that it will stand up to the demands of even the busiest marinas.

The Virette f0 Fuel Pump is also an excellent choice for use in construction and other industrial applications. Its ability to pump fuel quickly and efficiently makes it an ideal tool for powering generators, heaters, and other equipment on job sites. Its durable construction and reliable performance ensure that it will stand up to the demands of even the toughest work environments.

Whether you are a farmer, a marina owner, a construction worker, or anyone else who needs a reliable and efficient fuel pump, the Virette f0 Fuel Pump is an excellent choice. With its durable construction, reliable performance, and one-year warranty, this fuel pump is sure to meet all of your needs.
