

## Lubricating Oil Auto Fuel Dispenser 0.2MPa Petrol Diesel Dispenser

Our Product Introduction

For more products please visit us on [refueling-equipment.com](http://refueling-equipment.com)

### Basic Information

- Place of Origin: China
- Brand Name: Virette

### Product Specification

- Structure: Single-stage Pump
- Warranty: 12 Months
- Application: Petro, Diesel Etc
- Product: One Product Or Two Product
- Delivery Rate: 5 ~ 90L/min; 90~150L/min; 150~250L/min
- Working Pressure: 0.2MPa
- Temperature: -40~55
- Medium: Lubricating Oil
- Highlight: **auto fuel dispenser 0.2mpa ,  
0.2mpa petrol diesel dispenser ,  
lubricating oil auto fuel dispenser**

## Product Description

1000L Fuel Dispenser with 0.00-999999.99L Register Range for Lubricating Oil

### Product Description:

The Diesel Fuel Dispenser comes with a 3/4" 4M hose that is long enough to reach the fuel tank on most vehicles. This hose is made with high-quality materials that can withstand the harsh conditions of a fueling station. The hose is also resistant to kinking and twisting, which makes it easier to use and less likely to cause spills or leaks.

The Diesel Fuel Dispenser has a working pressure of 0.2 MPa, which means it can deliver diesel fuel at a consistent and steady rate. This pressure is ideal for most vehicles and can help to reduce fuel waste and improve fuel efficiency. The dispenser is also designed to work in temperatures ranging from -40 to 55 , which makes it suitable for use in a wide range of environments.

Overall, the Diesel Fuel Dispenser is a reliable and efficient fueling station dispenser that is perfect for anyone who needs a dependable way to pump diesel fuel. With its high vacuum, single-stage pump structure, and durable hose, this dispenser is built to last and provide years of trouble-free service.

### Features:

Product Name: Fuel Dispenser

Product: One Product Or Two Product

Voltage: 220VAC

Medium: Lubricating Oil (Gasoline dispenser, Fuel dispenser, Diesel Fuel Dispenser)

Warranty: 12 Months

Structure: Single-stage Pump

### Technical Parameters:

Gasoline Dispensing System	
Fueling Station Dispenser	
Gasoline Dispensing System	
Vacuum	0.04Mpa
Working Pressure	0.2 MPa
Voltage	220VAC
Delivery Rate	5 ~ 90L/min; 90~150L/min; 150~250L/min
Register Range	0.00~999999.99 L
Application	Petro, Diesel Etc
Hose	3/4" 4M
Medium	Lubricating Oil
Automatic Nozzle	TD-20A
Structure	Single-stage Pump

### Applications:

The Virette Fuel Dispenser has a vacuum of 0.04Mpa, which ensures that the fueling process is safe and secure. It operates on a voltage of 220VAC, which is a standard and stable power source. The dispenser is compatible with a tank capacity of up to 1000L.

The Virette Fuel Dispenser is highly applicable in various scenarios and occasions. It is suitable for fueling stations, gas stations, and petrol dispensing systems. It is also ideal for fleet maintenance and management, construction sites, and mining operations.

The Virette Fuel Dispenser is a reliable and efficient machine for fuel dispensing. It is designed to cater to the needs of different industries and businesses that require fuel dispensing services. It is easy to operate and requires minimal maintenance, making it a cost-effective option for businesses.

In summary, the Virette Fuel Dispenser is a high-quality product that is ideal for different fuel dispensing scenarios and occasions. It is a gasoline dispensing system that ensures safe and secure fueling operations. It is a dependable petrol dispensing machine that is easy to use and maintain.

### Customization:

Customize your Virette fuel dispenser to meet your specific needs with our product customization services. Our fuel dispensers are designed and manufactured in China with high-quality materials and components.

Choose from a variety of customization options, including:

Working pressure: 0.2 MPa

Tank: 1000L

Voltage: 220VAC

Structure: Single-stage Pump

Product: One Product Or Two Product

Our customization services ensure that your fuel dispenser meets your exact specifications and requirements. Whether you need a diesel fuel dispenser or a gasoline dispensing system, we can customize your Virette fuel dispenser to meet your needs.

### Packing and Shipping:

Product Packaging:

1 Fuel Dispenser

1 Hose

1 Nozzle

1 Power Cord

1 User Manual

Shipping Information:

Shipping Method: Ground Shipping

Expected Delivery Time: 3-5 business days

Shipping Cost: \$25.00
