

Heavy Duty Aluminum Gas Pump Nozzle 50 Psi High Flow Diesel Nozzle

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Features: Trigger Lock, Splash Guard, Automatic Shut-off
- Component: Fuel Injection Device
- Warranty: 1 Year Limited Warranty
- Quality: Guranteed
- Pressure Rating: 50 Psi
- Material: Aluminum
- Size: 5.5 Inches
- Hose Length: 10 Feet
- Highlight: **aluminum gas pump nozzle,
gas pump nozzle 50 psi,
50 psi high flow diesel nozzle**

Product Description

Heavy Duty Aluminum Gas Pump Spout with Safety Features and 50 Psi Pressure Rating

Product Description:

The Trigger Lock ensures that fuel doesn't accidentally spill out, which can be a costly mistake. The Splash Guard keeps fuel from spraying out of the nozzle and onto the ground, preventing slips and falls. The Automatic Shut-off feature stops the flow of fuel once the tank is full, preventing overfilling and spillage.

The Fuel Nozzle is rated for temperatures between 0 and 150 Degrees Fahrenheit. This means that it can be used in a wide range of weather conditions, making it a versatile tool for anyone who needs to fill up their vehicle or equipment.

The Fuel Nozzle has a stamp number of D11a150s187, which ensures that it meets industry standards for quality and safety. This stamp number is proof that the nozzle has been tested and approved for use with various fuels, including gasoline, diesel, and kerosene.

The Fuel Nozzle is made from high-quality aluminum, which is lightweight and durable. This material is resistant to corrosion and can withstand heavy use, making it a reliable choice for anyone who needs a dependable gas pump spout.

The Fuel Nozzle is compact and easy to handle, with a size of 5.5 inches. This makes it simple to maneuver and use, even in tight spaces. The compact size also makes it easy to store when not in use, saving you valuable space in your garage or workshop.

The Fuel Nozzle is an essential tool for anyone who needs to fill up their vehicle or equipment with gasoline, diesel, or kerosene. Its Trigger Lock, Splash Guard, and Automatic Shut-off features make it safe and easy to use, while its temperature rating, stamp number, and aluminum construction ensure its quality and durability. At a size of 5.5 inches, it's compact and easy to handle, making it a reliable choice for anyone who needs a dependable gas pump spout.

Features:

Product Name: Fuel Nozzle

Size: 5.5 Inches

Certifications: UL, CSA, CE

Warranty: 1 Year Limited Warranty

Material: Aluminum

Quality: Guaranteed

Keywords: Gasoline Hose Nozzle, Gas Pump Spout, Gas Pump Spout

Technical Parameters:

Nozzle Diameter:	1 Inch
Hose Length:	10 Feet
Material:	Aluminum
Quality:	Guaranteed
Features:	Trigger Lock, Splash Guard, Automatic Shut-off
Certifications:	UL, CSA, CE
Pressure Rating:	50 Psi
Temperature Rating:	0-150 Degrees Fahrenheit
Size:	5.5 Inches
Cylinder:	Multi-cylinder

Applications:

This fuel nozzle is ideal for use in various scenarios and applications. Some of these applications include:

Oil Delivery Spout: The Virette Fuel Nozzle is perfect for use in delivering oil to different locations. It is designed to withstand high pressure and temperature, making it suitable for different oil delivery applications.

Gas Pump Spout: This fuel nozzle is also ideal for use in gas pumps. It is designed to fit different gas pump hoses, making it easy to use and versatile.

Gasoline Hose Nozzle: The Virette Fuel Nozzle is perfect for use in gasoline hose applications. It is designed to dispense gasoline efficiently and accurately, making it a reliable and convenient tool for gas stations and other gasoline dispensing scenarios.

Moreover, this product has been certified by UL, CSA, and CE, ensuring that it meets the highest safety and quality standards. It can withstand temperatures ranging from 0 to 150 degrees Fahrenheit and has a pressure rating of 50 Psi, making it a safe and reliable product for different applications.

In conclusion, the Virette Fuel Nozzle is a high-quality product that is ideal for use in different applications, such as oil delivery spouts, gas pump spouts, and gasoline hose nozzles. It is made from durable and lightweight aluminum material and has been certified by UL, CSA, and CE, making it a safe and reliable product that can withstand different temperatures and pressures.

Customization:

Customize your Virette Petroleum Flow Nozzle with our product customization services! Our Fuel Dispenser Nozzle is made in China with high-quality aluminum material, ensuring durability and long-lasting use. The Model 11A comes with a 10 feet hose length and a 1 inch nozzle diameter, suitable for gasoline hose nozzle needs. The pressure rating of 50 Psi ensures safe and efficient fuel dispensing.

Packing and Shipping:

Product Packaging:

The fuel nozzle will be packaged securely in a box with foam padding to prevent any damage during transport. The package will also include an instruction manual for proper usage and maintenance.

Shipping:

We offer free standard shipping for the fuel nozzle within the United States. The estimated delivery time is 3-5 business days. For expedited shipping, additional fees may apply.
